Clinical Practicum	0	60	60

Massage Theory & Practice

In this subject concentration, students begin their studies in the Massage Therapy Program by learning the foundations of massage, gaining essential skills and mastering an assortment of massage techniques, all within the modern science's point of view and traditional Chinese Tui-Na. There is a considerable amount of time devoted to putting the newly learned theories into practice through hands-on, in-class applied practice. As the student progresses through the program, class content focuses in on learning the more specialized and specific modalities frequently required of today's massage professionals. Developing a mastery of these advanced techniques broadens the range of skills and heightens the practitioner's ability to adapt to suit a client's needs and requests. These hands-on classes consist of a short lecture, demonstration of techniques, and an instructor-guided practice session after which students have the opportunity to practice on one another. Emphasis is placed on proper body mechanics, communication skills, and developing self-awareness as a practitioner.

Anatomy, Physiology, Kinesiology & Contraindications

In order for massage and bodywork to have the intended therapeutic benefits, the practitioner must have a thorough understanding of the structure and function of the human body. In this subject concentration, students will become familiar with the human body, beginning at the most superficial level and continuing into all body systems. Emphasis is placed on the integumentary (skin), skeletal, muscular, and nervous systems as these are the areas the student will address most directly. Students will also explore the relationship between muscles and human movement (kinesiology), and expertly learn the origin, insertion and action of individual muscles and muscle groups. A considerable amount of class time will be given to developing palpation skills and participating in hands-on training activities that will further help to strengthen knowledge of muscle movement and locations. Additional subject concentration will focus on pathology and the study of diseases and the structural and functional changes produced by them. Students will learn the ethical and legal responsibility for recognizing a client's deviation from normal health and will develop the skill required to know if massage is indicated or contraindicated.

Clinical Practice

Students begin to practice in the Massage & Bodywork Student Clinic only after completing all the class requirements of Module 1. Additional clinic participation occurs at the mid-point in the remaining Modules 2, 3 and 4. The Student Clinic is open to the public and provides therapeutic massage sessions to the community at a very low cost. Students will learn how to read an intake form and generate a health assessment, as well as greet and interact with clientele on a professional level. The exposure in the clinic prepares the student to work confidently with the public. The student is supervised at all times by the on-site clinic manager. At the end of each clinic day, supervised feedback sessions take place, providing an opportunity for students to gain valuable insight from sharing session experiences. 60 hours of participation in the Student Clinic is a requirement to graduate from the Massage Therapy Program.

Health & Hygiene

Students will learn the standards of sanitation, hygiene, safety and infection control.

Business & Ethics

This subject area will concentrate on the ins and outs of building a successful, ethical private practice and the skills and knowledge required to land a rewarding job as an employed massage therapist. The student will learn about and will examine the importance of clear, accurate and effective methods of communication with clients and other health care professionals. Students will also learn how to apply appropriate business and professional ethics to their massage practice. Classes will focus on practice building including marketing, client retention, time management, resume writing, interviewing, and generating a robust and mutually beneficial referral network.

As all professional massage therapists are bound by a code of ethics, students must become proficient in the professional and ethical boundaries to be able to provide safe care for clientele. This subject concentration will also explore the relationship between the client and practitioner and will give the student the communication skills and knowledge base needed in order to best integrate ethical standards into business practices.

Withdrawals and Course Incompletes:

Any student who withdraws from their course or fails to complete their training will have a formal notice placed in their file as to the progress at the point of withdrawal. After returning from LOA the student will restart training with a later program.

Leave of Absence:

This Policy applies for all student requests for a leave of absence from International Beauty College (IBC). An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA. An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring the Institute to perform a refund calculation.

In order for an LOA to qualify as an approved LOA:

1. All requests for leaves of absence must be submitted in advance in writing, include the reason for the student's request, and include the student signature.
 - a. A student must apply in advance for an LOA unless unforeseen circumstances prevent the student from doing so. For example, if a student were Injured in a car accident and needed a few weeks to recover before returning to the Institute, the student would not have been able to request the LOA in advance.
 - b. IBC may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the Institute documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the Institute to be the first date the student was unable to attend the Institute because of the accident.
2. Leave of Absence Request Process:
 - a. If a student encounters circumstances that warrant a Leave of Absence, he/she must complete a Request for Leave of Absence form found in the Administrator's Office.
 - b. The Request for Leave of Absence form must be submitted to the Administrator prior to the Leave of Absence start date.
 - i. All Leave requests should be accompanied by documentation supporting the necessity for the LOA. Documentation must be provided within 14 days following the request.
 - ii. Due to varying types of LOAs covered under this policy, verification of need for an LOA may be provided through a multitude of sources.
Examples: court documentation for criminal proceeding in which the student is court ordered to attend, military orders for induction or long-term deployment; insurance documentation of major sustained loss or damage to a residence or other property; physician documentation for medical care or disability; local social welfare, victims assistance group, or church certification of supportive services provided.
 - c. Students who do not follow procedure will not be granted an LOA and are expected to attend school as scheduled.
 - d. Unforeseen and/or extenuating circumstances may provide the student an opportunity to submit an LOA request after the leave start date. Exceptions will only be made when the student has communicated the hindering circumstances within seven days of the request start date.
 - e. IBC reserves the right to require additional documentation from outside sources in order to substantiate an LOA request.
3. As a condition for approving a student's LOA request, there must be a reasonable expectation that the student will return from the LOA.
4. All LOA requests are subject to approval by the Administrator. If a student's LOA is not approved, the student is considered to have withdrawn and the refund requirements are applied.
5. IBC shall not assess the student any additional institutional charges as a result of the LOA.
6. The LOA must be a minimum of 10 calendar days and not to exceed 90 calendar days. The LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12-month period.

7. A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.
8. IBC shall extend the student's maximum time frame and the contract enrollment period by the same number of days taken in the LOA. Changes to the contract period shall be documented in an enrollment agreement addendum that must be signed and dated by the student and an authorized representative of the Institute.
9. In the event that a student does not return or call from his/her leave of absence at the expiration of an approved LOA, that student shall be considered terminated. The withdrawal date for the purpose of calculating a refund is the student's last day of attendance, as evidenced by attendance records.

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established federal regulations established by the United States Department of Education.

EVALUATION PERIODS

All students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1250, 1600 scheduled hours
Barbering	450, 900, 1200, 1500 scheduled hours
Esthetician	300, 600 scheduled hours
Massage	250, 500 scheduled hours
Manicuring	200, 400 scheduled hours

All students receive Satisfactory Academic Progress Reports at Evaluation Periods set forth above.

*Transfer Students: Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Students

meeting minimum requirements are considered to be making Satisfactory Academic Progress until the next scheduled evaluation.

ATTENDANCE PROGRESS EVALUATIONS

All students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED SCHEDULED HOURS
Cosmetology - 1600 Hours	2400
Barbering - 1500 Hours	2250
Esthetician - 600 Hours	900
Massage - 500 Hours	750
Manicuring - 400 Hours	600

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled hours.

Students who have not completed the course within the maximum time frame may continue as a student at the Institute on a cash pay basis.

Student Progress Evaluations:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

A- 100%-90%	A - Excellent
B- 89%-80%	B – Very Good
C- 79%-70%	C - Satisfactory
D- 69%-60%	D – Unsatisfactory – Needs Improvement
F- 59%-below	F - Failing

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student still has not met both the attendance and academic requirements, he/she may be placed on probation.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress policy.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the Institute.

COMPLIANCE STATEMENT:

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify student's identities, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state, or private programs.

STUDENT WITHDRAWAL & REFUND:

Any prospective student has opportunity to observe one class in a specific field of study, such as Barbering, Cosmetology, Esthetician, Manicure and Massage Therapy at no cost to the student. International Beauty College

shall remit a refund as calculated under the formula described below within 45 days following the student's withdrawal.

The student has the right to cancel the enrollment agreement anytime in writing and pay only for enrollment time (excluding the free observance day), registration fee and student equipment kit.

The amount of a refund is calculated in accordance with California Private Postsecondary Education Act of 2009 (94920 Mandatory Cancellation, Withdrawal, and Refund Policies):

- 1) Deduct registration fee not exceeding \$100.00 from the total tuition charge;
- 2) Compute the hourly charge for the specific program by dividing the cost for the specific program by the number of hours in the specific program;
- 3) Compute the cost for instruction in the specific program by multiplying the number of hours attended by the student in the specific program by the hourly charge for instruction in the specific program (2);
- 4) The refund would be any amount in excess of the figure derived in subparagraph (3) that was paid by the student. The refund amount shall be adjusted to include paid/unpaid equipment.

Refund Policy:

After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the enrollment period in the entire course has elapsed (**including absences**), there will be no refund to the student.

A registration fee of \$100 is a **non-refundable item**. Equipment, books, supplies, tools, uniforms, kits and any other items **issued and received by the student** would not be returnable. **Once received** by the student it will belong to the student and will represent a liability to the student. If you cancel the agreement, the school will refund any money that you paid, less any deduction for registration fee and equipment received. If you withdraw from school after the cancellation period, the refund policy described above will apply. If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of the official withdrawal date. See Refunds section below. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the institution to pay that balance. Official withdrawal date is on the student's notification or school's determination. In all cases of a student who withdraws, or who are suspended or expelled, the following refund policy shall apply:

The refund or tuition and others fees (excluding material fee) shall be equal to the amount of tuition multiplied by the percentage of attendance remaining.

EXAMPLE: a student who completes 25 percent of attendance of the course will receive a refund of 75 percent of the total tuition charges, less the registration fee of \$100.00, and cost of the tool kit.

Hypothetical refund example according to the state pro-rata policy.

Student Paid: \$6,400 (Tuition) + \$100 (registration fee) = \$6,500.

Rate of hourly Charge: \$6,400 / 1,600 (total hours of course) = \$4.00

Student attended 900 hours.

Tuition: Student's attended 900 hours x \$4.00 = \$3,600

Paid tuition \$6,500-\$100 non-refundable registration fee = \$6,400.

\$6,400 - \$3,600 (tuition owned) = \$2,800

Refund to Student is \$2,800

(a) A qualifying institution shall include the following statement on both its enrollment agreement and school catalog:

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589”.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.
